RE: FDA Approval

Dear Sir/Madam,

Aeroseal meets all the current requirements by the FDA for duct sealants. The sealant has completed a toxicology assessment by and is registered with the NSF as compliant to the standards established for nonfood compounds used in food and beverage processing.

The NSF Nonfood Compounds Registration Program is a continuation of the USDA product approval and listing program, which is based on meeting regulatory requirements including FDA 21 CFR for appropriate use, ingredient and labeling review. The product is acceptable for use as a coating where there is no possibility of food contact (R2).

NSF Registration Number: 157437

Sincerely,

Neal Walsh
Sr. Vice President
